DETAILED ACTION

Response to Amendment

1. Applicant's November 8, 2004 Amendment and associated REMARKS require the withdrawal of the rejection of the last Office action. Claims 1, 2, 4-6 and 8-58 are pending.

Claim Rejections - 35 USC § 103

2. Claims 1, 2, 4-6 and 8-58 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bailey et al, US 6,785,671.

Bailey discloses a method of ranking products of a plurality of different brands, e.g. Fig. 8, books, music, stored in a computer database, e.g. 141-147, assigning a plurality of feature categories that may be viewed as a property type, e.g. 312-314, assigning a weighted importance to each, e.g. 650, and ranking products of the plurality of different brands, e.g. 660. Bailey does not explicitly use the term generating a customized ranking of products and assigning an increased weighted importance. However, the step 650 of Bailey may be viewed as generating a customized ranking, e.g. 756, 850. Nonetheless, to have provided a customized ranking for Bailey would have been obvious to one of ordinary skill in the art. The motivation for doing such would have been to add a common knowledge additional ranking of products that consumers inherently analyze when purchasing from a plurality of products having

alternative features. Regarding the specific common knowledge features recited from the dependent claims, e.g. claim 2 scoring or tags, to have provided such would have been obvious to one of ordinary skill in the art. The motivation for doing such would have been to implement well known ranking apparatus to select a particular product.

3. Further pertinent references of interest are noted on the attached PTO-892.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
